

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in this application:

**Listing of Claims:**

Claim 1 (original): A medicinal product characterized in that through a content of components and/or extracts of prunus armenica and of cocos nucifera and of humulus lupulus and germinated barley or germinated rye, or germinated wheat and of mycete, and the liquid obtained from alcoholic fermentation of the grape juice of grapevines, and from musaze and from rubus leaves, in each case as active ingredient.

Claim 2 (original): The medicinal product according to Claim 1, characterized in that it consists of the active ingredient components in accordance with Claim 1 and their pulp, multiple fruit, juice, milk, kernels, fibers, cell filaments, myzelles, endosperm, leaves, blossoms, buds, hulls or stalks.

Claim 3 (currently amended): The medicinal product according to Claim 1 ~~one of the preceding Claims~~, characterized in that through a content of pulp or kernels of prunus armenica and fibers or endosperm of cocos nucifera and multiple fruit of humulus lupulus and germinated barley or germinated oats or germinated rye or germinated wheat and cell filaments or myzelles of mycetes, and the liquid obtained by alcoholic fermentation of grape juice from the grapevine and the fruits or hulls of musaze and rubus leaves, in each case as an active ingredient.

Claim 4 (currently amended): The medicinal product according to Claim 1 ~~one of the preceding Claims~~, characterized in that in addition to the extracts and/or component extracts in accordance with Claim 1 it comprises common carrier materials, auxiliary means and/or additives and is made up in the form of a tablet or a sugar coated tablet or a suppository or drops.

1 Claim 5 (original): The medicinal product according to Claim 1, characterized in that  
2 the extract can be obtained by solid-liquid or liquid-liquid extraction of the individual  
3 components or the active ingredient component mixture with the help of common extraction  
4 means, and by subsequent partial or complete evaporation of the extraction solution.

5  
6 Claim 6 (currently amended): The medicinal product according to Claim 1 ~~Claims 1 or~~  
7 ~~5~~, characterized in that it is a question of whether there is hot or cold extraction as well as  
8 whether the extraction method is continuous or discontinuous.

9  
10 Claim 7 (currently amended): The medicinal product according to Claim 1 ~~Claims 1, 5~~  
11 ~~or 6~~ characterized in that the continuous extraction method is a Soxhlet extraction,  
12 perforation or a percolation, while the ~~the~~ discontinuous extraction method can be a shaking  
13 out, leaching out or digestion.

14  
15 Claim 8 (currently amended): The medicinal product according to Claim 1 ~~Claims 1, 5,~~  
16 ~~6 or 7~~ characterized in that the extract represents one of one fixed active ingredient content  
17 adjusted extract from one individual active ingredient or from the entire mixture of active  
18 components, which can be obtainable by means of maceration or percolation using ethanol  
19 or an ethanol-water mixtures.

20  
21 Claim 9 (currently amended): The medicinal product according to Claim 1 ~~Claims 1, 5,~~  
22 ~~6 or 8~~ characterized in that ~~we are dealing with~~ the medicinal product is a dry extract  
23 (extracta sicca) and/or a liquid extract (extracta fluidica) and/or a viscous extract (extracta  
24 spissa).

25  
26 Claim 10 (currently amended): The medicinal product according to Claim 1 ~~Claims 1,~~  
27 ~~5, 6, 8 or 9~~ characterized in that it can be compounded in the form of a liquid to be taken in

1 the form of drops or an aerosol or in the form of a solution for intravenous, intraarterial,  
2 intramuscular, subcutaneous or intralumbar injection or infusion.

3  
4 Claim 11 (currently amended): The medicinal product according to Claim 1 ~~the~~  
5 ~~preceding Claims~~ characterized in that it can have a content of ingredients and/or extracts of  
6 prunus armenica in the range of 10 wt% to 20 wt% and of cocus nucifera in the range from  
7 10 wt% to 20 wt% and of humulus lupulus in the range from 10 wt% to 20 wt% and of  
8 germinated barley in the range from 10 to 20 wt% and of germinated rye in the range from  
9 10 wt% to 20 wt% or germinated wheat from 10 wt% to 20 wt% and from mycete in the  
10 range from 10 wt% to 20 wt% and the liquid obtained by alcoholic fermentation of grape juice  
11 of the grapevine for example in the range from 10 wt% to 20 wt% and of musazes for  
12 example in the range from 10 wt% to 20 wt% and of rubus leaves in the range from 10 wt%  
13 to 20 wt%, in each case as the active ingredient together with the usual carrier materials,  
14 auxiliary means and/or additives.

15  
16 Claim 12 (currently amended): The medicinal product according to Claim 1 ~~the~~  
17 ~~preceding Claims~~ characterized in that the active ingredients mycete is selected from the  
18 group, which comprises chlorophyll-free, eukaryontic organisms, especially protoctista  
19 (fungus like protista) and/or fungi (higher fungi).

20  
21 Claim 13 (currently amended): The medicinal product according to Claim 1 ~~the~~  
22 ~~preceding Claims~~ characterized in that it is suitable for treatment of Acquired Immune  
23 Deficiency Syndrome (AIDS) and/or cancer, malignant tumors, carcinomas, sarcomas and/or  
24 diseases of the psyche or of the nervous system.

25  
26 Claim 14 (currently amended): ~~Use of~~ The method of using components and/or  
27 extracts of prunus armenica and of cocos nucifera and of humulus lupulus and germinated

1 barley or germinated rye, or germinated wheat and of mycete, and the liquid obtained from  
2 alcoholic fermentation of the grape juice of grapevines, and from musaze and from rubus  
3 leaves, for preparation of a medicinal product for treatment of Acquired Immune Deficiency  
4 Syndrome (AIDS).

5  
6 Claim 15 (currently amended): ~~Use of~~ The method of using components and/or  
7 extracts or prunus armenica and of cocos nucifera and of humulus lupulus and germinated  
8 barley or germinated rye, or germinated wheat and of mycete and the liquid obtained from  
9 alcoholic fermentation of the grape juice of grapevines, and from musaze, and from rubus  
10 leaves for preparation of a medicinal product for treatment of cancer, malignant tumors,  
11 carcinomas and sarcomas.

12  
13 Claim 16 (currently amended): ~~Use of~~ The method of using components and/or  
14 extracts of prunus armenica and of cocos nucifera and of humulus lupulus and germinated  
15 barley or germinated rye, or germinated wheat and of mycete and the liquid obtained from  
16 alcoholic fermentation of the grape juice of grapevines, and from musaze, and from rubus  
17 leaves for preparation of a medicinal product for treatment of diseases of the psyche or of  
18 the nervous system.
